Medical & Emergency Services Release Forms

Medical Release

The camp will attempt to accommodate special needs participants. However, resources are not unlimited, so such accommodations, though desirable, may not be possible. This is also true of dealing with specific dietary allergies, e.g., exposure to foodstuffs including peanuts or peanut derivatives. If the prospective participant is considered to have special needs, or has significant allergies or other medical/dietary needs, these particulars must be disclosed and discussed before a reservation is accepted. This is for the benefit of the child, the other participants, and the staff members and volunteers at Affinity Academy.

Please disclose all special medical, dietary and other concerns of the registrant in the space provided. This information will be reviewed and, if necessary, discussed with you prior to the acceptance of the reservation.

Emergency Services

I, the undersigned parent or legal guardian of the registrant minor, agree to allow Affinity Academy staff, camp instructors and volunteers, to take what actions are deemed appropriate in emergency situations involving said minor, including the alerting of Emergency Medical Services (EMS). I also accept full financial responsibility for any and all charges for emergency services and for subsequent and consequent care.

I do hereby agree to release, discharge, and hold harmless Affinity Academy, the camp staff, instructors, and volunteers of and from all liabilities, damages, claims, or demands whatsoever on account of any injury or accident involving the said minor arising out of the minor's attendance of the summer camp at Affinity Academy or in the course of activities held during the camp. I have read, understand and fully accept the policies set forth by Affinity Academy.

Disciplinary Policy

The primary goal of the camp is to provide chess instruction and competitive experiences to all the participants. If one or more participants interfere significantly with this process, then it is deemed as detrimental to the group as a whole and will not be tolerated. We have developed a number of skills to guide occasional and insignificant offenders back into the process, but we are not equipped, nor required by circumstances, to deal with continued and repeated disruptions, and certainly not any involving bodily injury to anyone present, or physical damage to the premises or any of its contents.

Parents should be aware that these chess camps are not suitable for all children. These chess camps are not suitable at all for horsing around or making noise. For this reason, we do not accept children under the age of 7 unless they are highly recommended by one of the local chess teachers for being serious and focused chess students.

I, the undersigned parent or legal guardian of the subject minor, agree to allow Affinity Academy staff, summer camp instructors, and volunteers, to use appropriate disciplinary measures in dealing with said minor. Appropriate measures refer to, upon ...

- First offense – a behavioral warning will be issued to the minor.
- Second offense – direct discussion with the undersigned parent/guardian (and/or other provided contact).
- Third offense – dismissal of the minor from the camp, to be facilitated by the prompt removal of the minor from the premises by the undersigned.
- ANY significant acts of physical or emotional aggression to others, or acts causing property damage, may result in the participant’s immediate dismissal and prompt removal by the undersigned. Note: There will be no refunds in the case of any disciplinary dismissals!
